Remember! Turn Your Clock Back

Remember the hour you lost last April when clocks were turned ahead? Well, now's your chance to get it back.

Illinois, in company with a number of states, will quit daylight saving time this weekend and get back on central standard.

Officially the change will take place at 2 a.m. Sunday, Oct. 30 but those who will be in bed before that time probably will set their clocks back an hour before retiring. Some, it is noted at various times during the year, never bother to change their clocks but apparently live by daylight time the year round.

Report U.S. 45 Cloverleaf Is Up For Bidding

According to usually reliable sources the State Highway Department is preparing to let contracts for the building of the cloverleaf joining I-80 and U.S. 45 in the vicinity of 183d St., and moving of U.S. 45 to a new line west. The contracts are scheduled to be let in November, it was said.

It is expected that the building I-80 will be completed before the cloverleaf is ready but state engineers said recently that whether the access and exit roads are finished traffic will be rolling on the transcontinental highway by November, 1967.

The rebuilding of U.S. 45 will carry that highway over I-80 and the Rock Island tracks, to the east of Mokena.

Junior College Tuition An L-W Policy Question

The Lincoln - Way High School Board meeting tonight is expected to devote most of its time to a discussion of the Junior College problem that it faces.

Most of the district's students attending Junior College are enrolled at Joliet. Some are going to other communities where the Junior Colleges are rated as Class I under the State Junior College Act.

The L - W board has no problem in the Class I schools. The state pays a third, the high school district a third, and the student a third.

The Joliet college presents the problem.

The Joliet Junior College is the grandfather of the junior college system. It had the first one, more than half a century ago, but it has been operated as a part of Joliet Township High School Dist. 204. Under the Junior College Act such institutions are operated under a junior college district, with a junior college board and a separate tax rate.

Joliet High School Board voted to separate the college from the high school and was prepared to call an election for a junior college board and a tax rate but a group headed by some of the professional heart-bleeders filed a petition demanding a referendum be held. There was a question as to the validity of the petition but board decided to hold the referendum requested and the proposal was voted down.

So Joliet Junior College remains in the high school district and thus comes under the provisions of the Common School Law, according to the advice of attorneys

consulted by the Lincoln-Way district.

This firm takes the position that the Junior College Act which requires high school districts not in a college district to pay the tuition of students attending junior college, does not apply to Joliet and therefore the L-W board was not obligated to pay the tuition charges. The legal advisor to State Superintendent Ray Page went a step further, he was of the opinion that the L-W board should not pay tuition.

The State Junior College Board refused to accept such a ruling and turned to the attorney general's office for an opinion. This opinion was to the effect that it made no difference whether Joliet Junior College came under the Junior College District Act and that it could collect tuition from high school districts represented there by students because it was the intent of the legislature to cover all junior colleges.

The Lincoln-Way Board is expected to be guided somewhat in determining a policy by what other high school districts in the Joliet area decide to do. It is expected the board will arrive at a decision tonight. It is the general opinion of those who have been dealing with the problem that Lincoln - Way will pay a portion of the tuition at Joliet, probably a third.

Aid given by the state to junior colleges accounts for approximately a third of the tuition. If Lincoln-Way pays a third, the way they do in Class I colleges. It is believed practically certain that the board would never

agree to pay two-thirds of the tuition unless it was forced to do so by the Illinois Supreme Court or a definite law should be passed requiring such payment and providing for a sufficient tax rate to raise the money.

The present law does not provide an adequate tax rate, it was pointed out, and the State Junior College Board contends that the balance of the tuition payments should be drawn from the educational fund of the high school effected.

Supt. A. Hunter Chapman, of Lincoln-Way has pointed out repeatedly that he believes money paid by taxpayers to support a high school cannot be used legally to support a foreign educational institution, as a junior college would be.

Organizes Drive To Aid New Hospital

Residents of Mokena are being asked to take part in a Community Participation Campaign for the new Lutheran South Hospital.

A group of townsmen headed by Walter W. Welsch has enlisted the aid of friends and neighbors to conduct the campaign.

Lay representatives, from St. Mary's Catholic - Jerry Nelson; St. John's United Church of Christ - Ray Bisgrove; Immanuel Lutheran - William Ihde; and Mokena Methodist - Berle Needham; are serving as area chairmen, assisting Walter Welsch. With the help of members from their church they will canvass an area of town assigned to their group.

Lutheran South Hospital will begin its service to the community with a 5 floor (324 bed) hospital, and a 100 student school of nursing. The buildings will be constructed with future expansion in mind, providing for the hospitals expansion to 10 floors, and the school

of nursing to 200 students.

Built on a 46-acre site facing Cicero Av., (Rt. 54) just north of U.S. Rt. 30, it will be within 10 miles of Mokena and easily accessible from our area via U.S. 30 or, the soon to be completed, I-80 that will flow directly into I-57 and will provide two outlets within 1/2 mile of the hospital.

The hospital site is situated in the center of an expected population and industrial expansion. As the population increases, the already apparent hospital bed shortage will become more and more acute.

"The doctors in our area have already made public statements urging the residents to support this hospital and with the growing bed shortage, 432 by 1970 according to the Hospital Planning Council for Metropolitan Chicago", said Welsch. "I strongly urge all of our residents to join in this appeal and give now to protect our most priceless possession."

Plan For Safe And Sane Halloween

Halloween should be a safe and sane one in the area if village authorities are successful in their plans.

Curfew laws will be strictly enforced, it was stated, tricks and treat forays have been limited to the hours of the late afternoon and early evening on Oct. 31.

In New Lenox and Mokena the hours will be from 3 to 9 p.m., at Frankfort from 4 to 9 o'clock. Those soliciting treats at other hours or on other days will be picked up and held for their parents.

There will be a Halloween parade at Mokena at 7 p.m., Oct. 31 at which prizes will

be given for the best costumes. The parade is sponsored by the Mokena Volunteer Fire Department.

At Frankfort there will be a fun night in the grade school gym on Friday night, Oct. 28, and the American Legion Post and the Modern Woodmen plan activities for Sunday, Oct. 30.

Frankfort Police Chief Ted Massey asks a halt to window waxing and soaping and all acts of vandalism.

"If you don't want to visit our police station, 'Massey is saying to parents, 'know where your children are on Halloween.'"

Kids Dare Drivers To Use The Streets

The New Lenox PTO and school authorities are concerned about the careless behavior of pupils walking to and from school. They have talked with Police Chief Wajehert and steps are to be taken to remedy the situation, it was said.

Some high school students also are said to have been involved.

Numerous complaints are reported to have been made about the dangerous practice of children walking in the center of heavily traveled streets and making no effort to move to the sides when cars approach.

Some motorists have attempted to point out to the offenders that their conduct could result in their injury or death, only to be met with abuse.

Soil Conservation Office Sells Trees

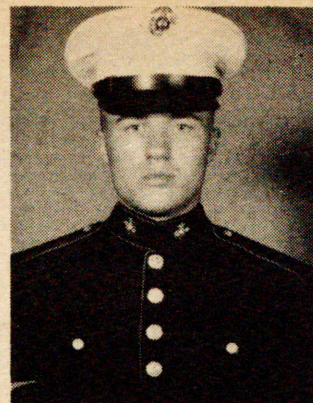

The Illinois Department of Conservation again has available a selection of tree and shrub species useful as food and cover for wildlife.

Order blanks for the "Wildlife Packets" for 1967 spring planting may be obtained at the Will - South Cook Soil and Water Conservation District office at 100 Manhattan Road, Joliet. The packets are on sale at \$10 each and includes the following varieties in quantities of 100. Autumn Olive

Allan D. May, acting work unit conservationist of the Joliet office, advises those interested in purchasing the packets to order early as the supply is limited.

Scholarship Winners Named At Providence

Sixteen seniors from Providence High School have been named semi-finalists in a state-wide scholarship competition, Brother K. Daniel, Providence princi-pal, has announced.

The sponsor of the schol-arships is the Illinois State Scholarship Commission, an agency of the State of Il-linois.

The determining factors in selecting the semi-final-ists were three, in the order mentioned: approval of each student by the Providence administration; individual rank in class; and, the re-sult of the ACT (American College Testing Program), a college entrance examina-tion widely used to determine mastery of material in Eng-lish, mathematics, social studies, and natural science.

All semi-finalists will re-ceive a certificate of merit. To receive a monetary scholarship award, each stu-dent must enter a recognized college in Illinois, and must show that there is some ec-onomic need for the schol-arship funds. Amount of the

scholarship is determined by need.

Postoffice Warns Of Chain Letter Racket

Post office officials warned today that a massive, fraudulent chain letter scheme was being attempted in this country, apparently by a South American resident.

Postal officials moved fast to head off the scheme. Fraud orders are being obtained against the promoter. The fraud orders will permit postal authorities to stamp the letters "fraudulent" and return them to the senders. Billed as an "International Vacation" plan, the scheme has resulted in thousands of letters being sent by the same person to boxholders in at least seven cities--New Orleans, New York City, Cleveland, St. Louis, Philadelphia, Milwaukee and Pittsburgh. The letters, written in Spanish influenced English, were sent merely to post office box numbers. They cost about 6-cents each for mailing from Santiago, Chile.

Chief Postal Inspector Henry B. Montague warned that the scheme is an out-and-out fraud. Any chain letter that requires payment of anything of value is illegal under the Federal lottery statute, Mr. Montague said.

The letter writer in this case asks that \$10 be sent to the first name on the list, which is the same in each letter, and that the

recipient seek out five other persons to send the letter to after removing the first name from the list. The chain is to then continue. The promoter says it is possible to receive 3,125 checks of \$10 each.

A chain letter plan invariably gets broken when someone fails to carry it on.

The six names and addresses listed by the letter writer in this case include a Bahamas address, a charitable organization in the United States, a deceased New York man, a New Jersey fund, and a Chile resident with an English or American name.

First on the list is a Spanish name with a California address. Second is the Bahamas address. Postal inspectors suspect that the three of the names on the list are actually the same person and that the charitable organization was added to the list to give the scheme an air of respectability.

The letter writer says that the initiator of the scheme is a Mexican who is now traveling in Europe with his wife.

"Don't be fooled by this scheme," Mr. Montague warned. "Someone has devised a clumsy way of trying to bilk thousands of Americans. These frauds never bear fruit for anyone but the initial instigators, and in this instance, due to early discovery of the scheme, the promoter will probably not recover his postage and printing investment."

its usual rousing success as in past years, with the cooperation of a very large group of hard working people. An attempt to name all the individuals involved would surely leave out at least one of the most important ones, so lets leave it a general and heartfelt thank you from all.

As a start in the "Would ja please" department; would ja please try a little harder to keep your assortment of dogs at home. The larger dogs in particular have a tendency to frighten the children who have to walk to school each day.

The second item in the department concerns the lighting of the front lights on the homes at dark. The nighttime is coming earlier and earlier each night, and daylight savings time will soon be over.

Our youngsters will, at times, have to be out after dark for one reason or another, and the lighting of all possible lights would be appreciated.

Try to remember this particularly on next Monday evening, Halloween, when many, many children will be out as an assortment of costumed monsters.

A baby shower was given last week for Mrs. William O'Neill on the impending arrival of her fifth child. It was given for her by: Mrs. Marty Reidy, Mrs. Dick Hendrickson, and Mrs. Dan Rankin. It was attended by many of her friends, and the expected newcomer was presented by proxy with a lovely assortment of gifts.

The name of Mrs. Arlene Tomczak as Den Mother for Den 3, was somehow missed from the list of Den Mothers for this year. Sorry, maam!

Plans for tomorrow's Cub Scout Pack Meeting to be held at the school at 7:30 P.M. were discussed by the Pack Committee at a recent meeting which turned up many new faces.

The Pack Meeting planned by the Committee will feature a contest of the Cub's ingenuity in designing Halloween masks. The parents of the Cubs will be asked to pick the Den with the best masks, which should be quite scary. Awards Chairman, Mrs. Robert McGowan, advises that some of the cubs will be eligible for awards which will be presented at the meeting.

The cubs will have a chance to show their ability (and big white teeth) when they bite into hanging apples. It has all the ingredients of a good time and as usual, the "Smokey the Bear" award will be presented to the Den having the largest percentage of parents present at the Pack Meeting. Although parents are the ones primarily expected to attend, the entire family is encouraged to come and share a good time.

Another Bad Day -- Mustangs Beat L-W

Lincoln - Way's varsity eleven lost last Saturday in its game against Evergreen Park. The Knights wound up on the short end of a 37 to 12 score, scoring in the second and fourth quarters.

The trouble was that Evergreen Park scored in the first, the second and third periods. The winners posted 12 points in the first quarter, 6 in the second and 19 in the third for a grand total of 37.

Too much Johnson tells the story. He ran up enough points to win the game single handed. Johnson scored four times, once on a 9-yard run, once on a 1-yard

plunge, once on an 8-yard run and the other was one of those thrillers the fans like to watch, an 88 - yard dash. Ross went over for the Mustangs from the 1-foot mark and Crawford made a touchdown on an 8-yard run.

One of Lincoln - Ways touchdowns came on a 1-foot plunge by Pfeifer and Smith accounted for the other with another thrilling run of 60 yards. The fans - the game was played at Evergreen Park -- and the Mustangs enjoyed the game, if Lincoln-Way did not.

It was the fifth loss for the Knights in Conference play.

St. Michael Gridders Unbeaten In CYO Loop

The St. Michael Wildcats, ably coached by Jerry Conness, climaxed their unbeaten season in their division of the CYO by downing St. Kieran of Chicago Heights Sunday in a game played on the Sandburg High School gridiron. The score was 22 to 6.

If an early season protest by St. Anne is a game won by St. Michael, 12 to 6, is disallowed, the Wildcats will be crowned Sectional Champions.

Robbie Gaskin put up the first marker for the winners with a 7-yard run for a touchdown. Then in the second quarter Bob Fitzgerald scooped up a St. Kieran fumble and raced 96 yards for a touchdown. He also lobbed a short pass to John Grahovac after the Wildcats had recovered a fumble on the St. Kieran 2-yard line, for another six points. He also accounted for two 2-point conversions.

St. Michael's big line, led by Co-Captain Tim Flanagan, Bruce Alroth and Eddie Huhn put up a defense that St. Kieran couldn't break.

Three non-conference games remain on the St. Michael schedule, the most important being with St. Alexander -- arch rival.

ing hole large enough for the roots plus plenty of good soil. You can't dig the hole too large but you can make the hole too small. Build up a base for the tree so that the top of the rootball is even or slightly above the soil surface. It's better to have the ball slightly above the surface than too deep. Planting too deep will cause the stem bark to rot and girdle the tree. Root bark on the other hand will not rot.

If the trunk diameter of the tree is three inches or less, drive supporting stakes next to the rootball. For a larger trunk use guy wires for support. Keep the wires from rubbing or cutting into the tree by threading through lengths of hose.

Fill the hole with good soil, tamping it firmly, but don't pack. The soil around the outer edges should be bridged to form a shallow basin. This will catch water and make the weekly watering much easier. Wrap the trunk of the tree with burlap or kraft paper strips. Tie the wrap about every 18 inches with stout cord. Remove the wrapping after two years... or when it drops off.

One planting problem you may come across is soil with poor drainage... or no drainage. You can still plant your tree or shrub in such a location but do it on the "high side." Plant it in a shallow hole and cover the root area with good soil. You can also use a post hole digger or auger to put a three foot drainage hole in the bottom of the planting hole. Drop agricultural tile in the small hole and fill with gravel. Now plant on top of this drainage hole. Another way to plant shrubs in poorly drained soil is to lay a pipe from planting area to a ditch or specially prepared drainage area. This will keep the plants from standing in water.

Skip the fertilization for the first growing season. Experience has shown that first year losses are often associated with fertilization at planting time. Water your new landscape thoroughly to settle the soil. And congratulations!

You Can Wear Your Shoes!

MOKENA PHARMACY'S NEW HOME WILL OPEN NOV. 7

DAN KURBER, registered pharmacist and operator of the Mokena Pharmacy, will be serving customers in the store's new home beginning Nov. 7.

A housewife with new carpeting might feel considerable anxiety if the weather turned bad the day she was planning to hold open house but you will always be welcome in the new home of the Mokena Pharmacy, regardless of weather conditions.

The new store is carpeted from wall to wall but you won't have to take off your shoes to walk on it, even on a rainy, snowy or slushy day. The carpeting is luxurious but it is durable and washable. We think our customers are the best people on earth and deserve the best in service, merchandise and surroundings.

The new store, which is located about half a block west of the old store, on the north side of the street, will be open for business Monday, Nov. 7. Immediately after we close the old store at 1 p.m. Nov. 6, we will begin moving stock to the new store where already a large display of merchandise has been delivered.

The new store will be equipped with new fixtures thruout and new lines of merchandise but the same friendly people you have been dealing with will be there to give you the same prompt and courteous service-- Dan Kurber and Carl Ring, pharmacists; Virginia Hull and Georgia Miller, cosmetics; Art Melin, Terry Mueller, Kathy Halslet and Gay Williams, clerks, and Terry Warning, deliveries.

There will be almost three times as much space as in the old store which has enabled us to expand each department to give you a better selection.

A new gift department, with many interesting and unusual gifts not found elsewhere, has been added.

We have also added the complete Revlon line to our cosmetic section, along with an exclusive selection of Napier jewelry.

The selection of Fanny May candy will be doubled. Also available will be

health and convalescent aids, such as wheel chairs, crutches, vaporizers, etc., on a rental basis.

Our services include free delivery of prescriptions. We also will call any other druggist to refill a prescription you may have had filled elsewhere.

We will accept payment of your water and garbage disposal bills. We sell stamps and money orders.

We are members of the Illinois Bankcharge and Town and Country Credit Cards, if you wish to charge.

Dan Kurber and Art Melin express their gratitude to the people of the community.

"Our warmest 'Thank you,' goes to the people of Mokena, Arbury Hills, the whole Frankfort area for making this new drugstore possible," they said. "It is your drugstore; without you it could never exist. It was one dream you made come true. Thank you!"

Win Over Vikings

Sandburg's varsity football team was riding high and mighty last Saturday when it took on the Homewood - Flossmoor Vikings. The game wound up with the Eagles on top of a 33 to 0 score.

The win kept the Eagles hopes alive for a share of the title. All they have to do is win their remaining games and hope that something will happen to Rich East.

Rich East is giving all indications that it will repeat this year as champions of the Southwest Suburban Conference. So far this year Rich East hasn't lost a game. It won its fifth conference start last Saturday by downing Reavis, 28 to 6. Up to that point Reavis, like Sandburg had won three games with one loss. Now Reavis has a 3-2 record while Sandburg is 4-1.

The Eagles had a good day against the Vikings. The encounter started out with things pretty even. At the end of the first period Sandburg had a 6-0 lead but by half time it had increased this to 19 to 0.

Two more touchdowns in the third quarter put Sandburg out in front 33 to 0, and that is the way it was when the final gun was sounded.

That Lavine boy was doing all right, as usual, and accounted for two of his team's touchdowns, one on a 17-yard run and one an 11-yard go. Zadrovetz also scored twice, once on a one-yard plunge and the other on a 40 - yard pass from Liniewski. Johnson, who does all the kicking for Sandburg did some running. He dashed 14 yards to score a touchdown and in the course of the game also added three extra points by bonus kicks.

Evergreen Park trounced Lincoln - Way, 37 to 12 and Bremen nosed out Oak Lawn 14 to 13. The difference was in the kicks for extra points after touchdowns.

ORNAMENTAL HORTICULTURE AND FLORICULTURE

Ask most anyone to name the first flower of spring and they think of wild flowers or bulbs. Of course snowdrops and winter aconite are among the first of the spring bulbs. And of course the skunk-cabbage is considered to be the first thing blooming in the woodlands.

However, even before the minor bulbs or earliest wild flowers open, the vernal witch hazel exhibits bloom. The normal blooming season is from late January to early March.

Branches of the fragrant half-inch, yellow blooms are well suited indoor arrangements. Left on the shrub they resemble a very early forsythia. Intense, sub-zero temperatures do not harm the flowers. On cold days the petals merely curl inward. Then during warm weather they expand to full size. During their two or three week blooming period, their earliness make them good conversation pieces in the winter lar...

Not to be confused with the fall blooming native witch-hazel is a shorter, slow growing compact plant that usually reaches six feet.

WORTH TALKING ABOUT

"American democracy could not survive for long the development of an alliance between government and any interest group that escapes the discipline of the polling place. Business as well as government, however, share an obligation to participate in a constructive, seeking to establish viable standards and objectives suitable to the country's economic, social, political and technological aspirations. This, after all, is how the public interest is articulated."

George S. Moore,
President
First National City Bank

Pray one for another.
—(James 5:16)

When those near and dear to us are unhappy or unsuccessful, we may long to help them in every way we can. However, first we should pray for guidance and good judgment so that our help is as effective as we want it to be. Our prayers quicken the Spirit of Christ within them. Our prayers quicken in us the faith that Christ is guiding them in the way of their highest good.

ALWAYS A FRIEND TO YOUNGSTERS IN NEED

ELECT MARTIN JACKSON
Sheriff of Will County

MARTY NEEDS YOUR HELP! VOTE FOR HIM Nov. 8

MARTIN JACKSON, Republican candidate for sheriff in the Nov. 8 election, is talking with some of his young friends at the Guardian Angel Home in Joliet, discussing a trophy recently won by a member of the Home's band.

If the youngsters at the Guardian Angel Home could vote in the election this Nov. 8, I could tell you how they would mark their ballots.

They would be for Marty Jackson for Sheriff 100 per cent.

There are a lot of graduates of the Home that will be voting in November and I know they will be voting for Marty. He has always been a great and good friend to the boys and girls at the Guardian Angel Home.

He not only has been generous in his financial assistance but has also given unstintingly of his time in discussing their problems and hopes with the children and giving them advice.

"You know the difference between right and wrong," he would say when the occasion demanded it, "so you have no problem - just do what is right."

A basketball star himself when he was in high school and college, Marty has always been interested in encouraging a sports and physical fitness program at the orphanage and spent a lot of time coaching and instructing.

Not many outsiders know how much help Marty has given the kids at the orphanage. You might say that he has kept his light under a bushel.

Take me for instance. I spent a number of years at the Home. That was where I met Marty. We used to talk. All the kids talked with Marty. He was easy to talk to. Among the things we talked about was school and law. I finally decided I wanted to be a lawyer and that is what I am today, practicing in Joliet, thanks to Marty. It was Marty, you see, that put me thru college and law school. I'm telling you this because he wouldn't.

Perhaps I am a prejudicial witness but I sincerely believe Marty Jackson will serve Will County as an excellent Sheriff. He is eminently qualified by his experience as a magistrate for 18 years.

His integrity is unquestioned and the people of Will County will benefit themselves by voting for Marty Jackson for Sheriff on the Republican ticket on Nov. 8.

5-In Memoriam

IN MEMORIAM
In loving memory of Vicky Lyn
Snider who passed away Oct. 28th.
1965.

We'd had her such a little while,
When came that summons dire.
Yet in our hearts her memory
Will last and e'er inspire
The ones she left behind to live
A better life while here
In hopes of clasping once again
With hungry arms, our baby dear.
Mother Of An Angel

IN MEMORIAM
In loving memory of DANNY ERICK-
SON who was taken from us so sud-
denly 1 year ago Oct. 27th.
Dear is the grave where our
Darling is laid.
Sweet is the memory that will never
fade.
His little soul so pure and sweet,
Will blossom at the Saviour's feet.
Sadly missed by
Dad, Mom & Brothers.

IN MEMORIAM
JOSEPH J. LOPATA. In loving mem-
ory of my beloved husband, Joseph,
who passed away 1 year ago, Oct.
29, 1965.
No one knows the silent heart ache
Only those who lost can tell
Of the grief that bourns in silence
For the one we loved so well
Till memory fades and life departs
You will live forever in our hearts.
Loving wife, children
and grandchildren

We're sending up a smoke signal 'cuz we need people to share in the growth of our expanding business. And when we talk about sharing, we mean PROFIT SHARING ... a plan designed to make you a small fortune.

Our chief personnel scout has actuarial projections (accounting talk for detailed statistical studies) that show what you can expect to have in your account at age 65. Here's a little hint:

A young brave who starts in the plan at age 25 at \$5000 a year has a retirement projection of -- now, hang on -- \$176,000!

Why not join our Profit Sharing tribe. We're looking for qualified people to serve as:
